## T

# Ring size guide 

## Printer settings

To determine your ring size, print this guide at $100 \%$ or full scale. Make sure the 'scale to fit' option is selected in the print settings box. To ensure your guide has been printed correctly, use a ruler to measure the sample below. It should measure exactly 60mm.

## Finding your ring size

1. Choose a ring you already own that fits you well.
2. Place your ring over one of the circles on the next page that matches closely in size The inner edge of your ring should align with the outer edge of the circle.
3. If your ring appears to be between two sizes, we recommend you choose the larger size.
